

Opinion of RUs expressed in the previous RAG/TAG meeting and follow-up steps

Opinion forwarded to the RFC TCR Working Group

Step-wise implementation of the RNE TCR tool by the IMs

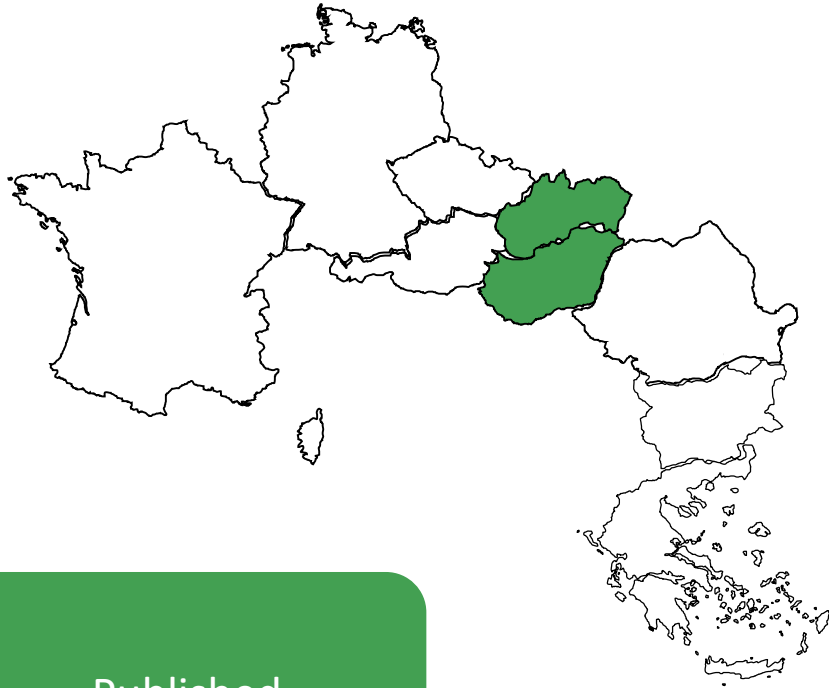

Publication of TCRs for TT 2023 in the TCR tool

Published

- DB Netz: The coordination functionality has to be improved as a pre-condition for them to use the tool.
- SNCF Réseau: Testing of automatic upload of TCR data via a national IT tool to the TCR tool is ongoing.
- SZCZ: Anticipated by the end of 2023 due to additional IT solution needed and to be funded
- ÖBB Infra: „Uploading to the TCR tool is currently not possible in our system. We are working to fix the cause.”
- GYSEV: planned
- CFR: Anticipated in August 2023

Opinion of RUs expressed in the previous RAG/TAG meeting and follow-up steps

How often shall we update the data of TCRs in order that you can effectively use them?

At X-11 and X-3.5 is sufficient. 10%

At any time when there is an update to major TCRs. 70%

Other preference 10%

10 válasz

Opinion forwarded to the RFC TCR Working Group

Since the publication of updated TCR overview in the beginning of January, a few IMs have already provided interim updates as well.
